

## Medical Record Request Information – eDelivery

(Requestor should retain this page only)

**Penn State Hershey Medical Center and Penn State Hershey Medical Groups** has partnered with **HealthPort Technologies, LLC**, the nation's largest provider of release of medical information services, to process and fulfill your request for a copy of your medical record.

You have requested an electronic copy of your medical records. You will receive an email from HealthPort at the email address you have provided, that will include detailed instructions on how to access your electronic records via a secure web portal.

Once you have received the email notification from HealthPort, the medical record will be available via the web portal for thirty (30) days. If the record is not accessed during that time frame, it will be deleted from the portal. If you need the record after that time, you must resubmit your request to Penn State Hershey Medical Center.

To access the record electronically your computer must meet or exceed these requirements:

- Windows or Mac platform
- Pentium 3 or Mac G3 or higher
- At least 128 MB of RAM
- Internet Explorer 6.0 or 7.0 with 128-bit encryption pack or Netscape 4.77
- At least 56K modem; however, DSL or T1 line is recommended
- Adobe Reader (latest version available free from [www.adobe.com](http://www.adobe.com))
- 200 dpi (or higher) printer (for printing records)

Due to procedural and regulated steps involved with the process of release of information, costs are associated with compiling medical records and, therefore, there could be a fee associated for requests for medical records. All fees are regulated by state and federal law.
